Re: Mr. John Pisarski and CPA International Investigations Inc.

Grand Hale Marine Products has used the onsite security services of Mr. Pisarski and CPA on an ongoing basis for over 6 years. They have provided timely and reliable on site security for our facility without fail over the years. Mr. Pisarski and CPA provide us with peace of mind that we did not have with other onsite security firms that we have used in the past.

Mr. Pisarski has also recently suggested and made upgrades to our video CCT security system. Our old system was installed by another security company, but Mr. Pisarski's suggestions about coverage, camera equipment, recording and back up were far more detailed and appropriate. In fact his expertise and advice and results were so good we had him suggest and install video surveillance and CCT systems in our other 3 buildings.

With the video systems that Mr. Pisarski and CPA installed not only are we able to remote view our locations but CPA International Investigations Inc. can also monitor our facilities remotely. This ability has been useful in situations of false alarms were CPA can remotely view the whole facility and determine responses.

Mr. John Pisarski and CPA are quick to respond to any extra security needs we may have like providing security for our annual charity concerts accommodating over 650 guests.

I would recommend Mr. John Pisarski and CPA International Investigations Inc. for any and all security needs.

Yours truly,

John Nishidate
