Subject: Mr. John Pisarski and C.P.A. Investigations

To Whom It May Concern:

I am writing to recommend the services of Mr. John Pisarski and C.P.A. Investigations.

During October and November of 2011, I engaged C.P.A. to investigate an employee. This individual was working as a salesman, and I was concerned he was diverting business from my company.

Mr. Pisarski and C.P.A. provided surveillance, research of public records, and conducted a covert investigation. They were able to document this individual had actually started a competing business on the side, and was diverting sales from my company. This was in clear violation of his employment contract, so it gave clear grounds for dismissal and legal action.

Mr. Pisarski and C.P.A. were a pleasure to work with. They are knowledgeable, efficient and met tight deadlines. I would highly recommend their services.

Sincerely,

Travis Darnell

President
